National Recall of Takata Air Bags

If your vehicle is manufactured by BMW, Chrysler, Daimler Trucks, Ford, General Motors, Honda, Mazda, Mitsubishi, Nissan, Subaru or Toyota, you might be affected by a national recall on air bags. Check the National Highway Traffic Safety Administration's (NHTSA) website using the [VIN search tool](#) to confirm whether your individual vehicle is affected by this recall, or by searching by VIN on a [specific vehicle-maker's site](#). Check back regularly as automakers confirm which vehicles are affected.

The recall found that the airbags are made with materials that can rupture over time and have been blamed for six deaths worldwide. This Takata inflator recall affects nearly 34 million vehicles.

As manufacturers supply a complete list of affected vehicles, NHTSA will include updates on its [recalls page](#).
